"Dry" Congressmen Line Up Against Ship Subsidy

LASKER DECISION ANGERS MEMBERS OF THE HOUSE

Declare They Will Not
Vote Favoring Nation
Going Into The Booze
Business On Water.

WILL BE A FIGHT

Washington, D. C., June 15.—Prohibitionists in Congress today decided to make an immediate move to knock out the shipping board order that all kinds of liquor can be sold outside the three mile zone by vessels flying the American flag. Representative Blanchard, of Alabama, announced that in the House merchant marine committee today he would seek to have an amendment included in the ship subsidy bill nullifying the order of the shipping board.

A storm of opposition that seriously menaces the success of the ship subsidy bill broke out among the powerful dry forces in Congress as the result of the shipping board's ruling that all kinds of liquor can be sold outside the three mile limit on shipping board vessels flying the American flag.

Republican dries were loud in their denunciation of Chairman Lasker's decision and said that under no circumstances would they ever approve of the government entering the liquor business. The dries claim that they will soon, in one way or another, bring an end to the era of American oases on the high seas.

Nothing in recent months has caused such a stir in Congress as A. A. Busch's charge that America is the biggest bootlegger nation and the charges that America and her Prohibition Law have become the laughing stock of the world.

FIREMEN READY TO SHOW "THE BOYS" A GREAT TIME

Everything is set and ready for the Firemen's celebration at the Driving park tonight, the department looking forward with a great deal of interest to the ceremonies incident to the conferring of honorary membership upon the surviving members of Clearfield's first fire company.

In addition to the ceremonies in the Exhibition Building the American Legion band will give an open air concert in the Park, to which everybody is invited and which will be free to all.

The concert will start following the arrival of the parade at the park.

The program for the concert is as follows:

March "The Stars and Stripes Forever" Sousa
Overture "Poet and Peasant" Suppe
A Tropical Dance "Tolita" Moreno
Excerpts from "Maytime" Ramberg
March "On the Square" Panella
Fantasia on "Old Folks at Home" Dalbey
(Introducing Variations for principal instruments)
Medley Waltz "Three O'clock in the Morning" Robledo
"Selection of Sweet Old Irish Songs" Beyer
March "Swannanoa" Thayer
Star Spangled Banner
H. Clark Thayer, Conductor

A CORRECTION

Judge Allison O. Smith advises The Progress today that the sale of a part of his Second street property has not been consummated as was said in yesterday's issue.

It is understood that all negotiations are off.

Mrs. A. H. Good and Alfred Good, have returned to Altoona after spending a week with the former's parents.

SHRINERS TO HOLD BIG FIELD MEET AT TYRONE JUNE 21ST

Everything is in readiness for Shriner's Field Day to be held in Tyrone, Pa., at the P. R. R. Y. M. C. A. Athletic Park, Wednesday, June 21st, and the Tyrone Shriners and citizens will be right there to extend a cordial welcome and the courtesies of their beautiful city and park to the visiting Shriners, their families and friends and to the public at large.

The events of the day will begin just after noon with concerts by the several bands, followed by the big Shriner's parade, which will proceed from the Municipal Building at two o'clock sharp, in the following formation:

Jaffa Temple Band
Jaffa Temple Chanters
Tyrone Shop Band
Jaffa Temple Patrol
Jaffa Temple Oriental Band.
Shriners in automobiles.

The parade will terminate at the Athletic Park, where a splendid entertainment has been arranged for, this to start at three o'clock. The program follows:

Concert by Jaffa Temple Band.
Parade by Jaffa Temple Oriental Band.

Concert by Tyrone Shop Band.
Concert by Jaffa Temple Chanters.
Drill by Jaffa Temple Patrol.
Ball Game between Tyrone Division and Huntingdon.

At 4:30 a delicious luncheon will be served the Shriners' and their ladies, tickets for which may be procured by the presentation of the 1922 card at the information bureau.

The program for the evening, which will start at 7:15 o'clock will be carried out on Pennsylvania Avenue, with concerts by Jaffa Temple Band, Tyrone Shop Band, Jaffa Temple Chanters, the Oriental Band. Following, a block dance, to which all are invited whether members of the organization or not, will be held in Pennsylvania Avenue, and for this delightful feature a ten-piece orchestra will play. At the same time a dance will be held in the Junior Assembly Hall for the Shriners and their ladies, admission to which will be gained only by presentation of the 1922 card.

Away dull care—come with your families and friends and be entertained on One of the Most Beautiful Playgrounds in America.

GENERAL STRIKE IN HARD COAL FIELD TO BE DECIDED JUNE 26

Cleveland, Ohio, June 15.—Representatives of the coal operators and miners of the central district, comprising Central Pennsylvania, Ohio and Indiana, will meet before July 1st in an effort to end the strike in the Central District. The place and date for the conference have not yet been decided.

New York, N. Y., June 15.—A general strike throughout the Anthracite region threatened today as miners and operators members of the wage scale committee broke off negotiations. Declaration of a general strike will mean that pump men and others left in charge of the mines will be called out. Such action would seriously damage the properties unless non-union men are called out to take the places of the union men. The representatives will leave for their homes today and will gather at Wilkes-Barre June 26th at which time it is expected the strike call will be made.

non-union men are called out to take the places of the union men. The representatives will leave for their homes today and will gather at Wilkes-Barre June 26th at which time it is expected the strike call will be made.

No Job for a Bachelor

Soon every cop will have to show a diploma from a nurses' school to make the force. Says Captain John Hughes, New York policeman who has to take care of the lost kids at Coney.

Farmers Interested Free For All Battle On Principally In Farm Potomac Steamer Results Machines And Fertility In Death Of Combatant

State College, Pa., June 15.—Large groups of farmers, hushing here and there over the experimental plots, around barns and buildings, and about the farms operated by the School of Agriculture at the Pennsylvania State College, today participated in another successful June Farmers' Week.

Considerable interest was noticeable in farm machinery and equipment, especially in the demonstration of line pulverizers. A number of farmers awoke to the possibilities of the limestone resources on their farms and compared the price they ordinarily paid for lime, with the supply of ground limestone that they could have for \$2.50 a ton, by investing in a pulverizer.

Morning and afternoon were divided into two periods each, with each busy group during these periods, attentively seeking information on some one particular question. As many as thirteen demonstration, auto tours, or inspections were conducted in one period. Many of the visitors making hurried choice between two or more demonstrations, brightened up when they found that the college had provided for such an emergency by a repetition of some of the projects on tomorrow's program.

The historic fertility plots also attracted a great deal of attention and most of the visitors gave at least one period to the inspection of the 35 and 40 year old results of fertilizer applications in various combinations on these plots. Farmers with special live stock interests wended their way to the barns or joined live stock tours of the farms where the college keeps its stock of pure breeds during the summer. Commercial orchards, vegetable breeding plots, poultry plants, etc., all received a full share of the visiting farmers' attention.

The state championship judging, fitting, and showing contests, that attracted three hundred Pennsylvania farm boys and girls to State College for Young Farmers' Week completing their program this afternoon. The result will be made known and the prizes awarded at tonight's meeting when president Dr. John M. Thomas will speak.

RESPECTED GLEN RICHEY WOMAN DIES

Mrs. Elizabeth Morgan died this morning at the home of her son Thomas in Glen Richey, as a result of the frailties incident to advanced years. She was aged 81 years and survived by eight sons and one daughter.

Funeral will be held from the Morgan home Sunday afternoon at 1 o'clock. Interment at Bloomington.

Born to Mr. and Mrs. Rudolph Currier at their home in Kerr Addition on

CLERKS AND DEPOT EMPLOYEES GET CUT FROM LABOR BOARD

Chicago, June 14.—The United States Railroad Labor Board late today signed a decision cutting between \$40,000,000 and \$50,000,000 from the wages of additional classes of railroad employees, principally clerks, station employees, express handlers and signmen.

The new order, which will bring recent wage cuts by the board to \$160,000,000 annually, will affect approximately 300,000 men and will be effective July 1, when the maintenance of way and shop employees also will receive wage reductions.

As the order was signed, announcement came from the offices of the railway employees department of the American Federation of Labor here that the first strike ballots had been returned and that shop employees were voting overwhelmingly for a walk-out. The strike ballots recently were sent out by the American Federation of Labor, railway department leaders, returnable June 30. Later the time set was advanced to June 25 and it is reported that a strike may be called for July 1.

"White Collar" Forces Hit
It also was stated that the Brotherhood of Clerks, Express Handlers and Station Employees have received their strike ballots in advance of the labor board's decision, which probably will be made public Friday. This decision will hit the "white collar" forces of the railroad unions.

No decision is immediately in sight for a wage cut for the 85,000 railroad telegraphers, according to the officers of the labor board. This class of employees will not receive a reduction until August, according to best information.

The pending decision is signed by the three railroad members and the three public members. A dissenting opinion by the three labor members will be entered in which the reduction will be criticised as being "unfair and unjustified."

Willard Optimistic
Wallace, Idaho, June 14.—Belief that "the high intelligence of railroad men as a class" will make a general railroad strike impossible, was expressed here by Daniel Willard, president of the Baltimore and Ohio railroad who came West to attend the marriage today of his son. He stated the opinion that there would be "but a few sporadic instances of men leaving their jobs."

Willard is optimistic as to the business outlook, pointing to the 70 per cent of normal output of the Pittsburgh and Youngstown steel mills, in place of the 30 per cent of normal a year ago, as a safe business barometer.

Last Pay Cut Today..

Chicago, Ill., June 15.—The United States Rail Labor Board was ready today to order another cut in the pay of the railroad employees, bringing the total reduction to approximately \$145,000,000. The latest order expected to be made public today, affects the pay of clerks, officers, stationary firemen, marine employees and signal men. Shop and maintenance of way workers were hit in previous decisions. Approximately 1,250,000 employees are covered in the three orders. Today's order, it is believed, will be the last pay cut in the present readjustment.

MOTHER'S PLEADING WILL GET YOUNGEST SLAYER NEW TRIAL

New York, N. Y., June 15.—A mother's sacrifice and persistent pleading seemed today to have had the effect she hoped for and Angelo Tumbarello, aged 18, the youngest murderer ever sentenced to the electric chair here, was figuratively on the safe side of death. Over twenty affidavits containing a plea for a new trial for the lad have been received by Governor Miller and John C. Judge, attorney for the boy's mother is confident that a new trial will be granted.

CRIPPLED STORK DROPS CARGO OF FOUR IN HOME

Kittanning, Pa., June 15.—A stork flying with a human cargo of twenty-one pounds over Ford City, near here, probably had a wing broken or lost its way and left quadruplets by mistake at the home of Stephen Marchinek. The first arrival, a girl, weighed six and one half pounds, the second a boy four and one quarter pounds, and the third and fourth, girls, each five and one quarter pounds. Mrs. Marchinek and the quartette are all reported to be doing nicely. This makes a total of nine children in the family. Stephen is a plate glass worker.

BARNYARD GOLF CONTINUES TO INTEREST MANY

The interest in horse shoe pitching started as one of the activities of Clearfield Community Service has reached a stage of rivalry between the sections of the city. The West Pine Street Courts will be the place where the champions of the East End will meet some of the best West Side players about seven o'clock this evening. It is planned to have the Italian band on the scene, and the West Siders expect to make their contemplated victory a matter of a neighborhood celebration.

In the elimination contest on the West Side, four decisions have been arrived at in the first round. The Gearhart's Knitting Machine Co., defaulted to the Patterson Brick Yard team; the West 6th ave. team won from the Nichols St. 2nd team, four games out of seven, while the scores in the other two sets were as follows: Quality Bakery 21 16 21 10 16 21 21
Barger and Spackman
Weaver St. 18 21 9 21 21 15 20
Ennis & R. Ogden
West Pine St 2nd team 21 21 21 21
Hickson and Cowdrick
Nichols St. 3rd team 16 18 15 15
L. Ogden and Boyce

BRADFORD "HOME" COMING SCHEDULED FOR SUNDAY, JUNE 25

The annual Bradford township "home coming", which has been a growing feature for the past five years is scheduled to be held this year on Sunday, June 25th and all former residents of old Bradford are urged to return to the old scenes and meet and greet their old friends and neighbors.

An elaborate program has been prepared for the sixth home coming. The music will be in charge of Rev. John G. Maines and addresses will be made by Revs. A. B. Wilson, Alliance, Ohio; W. S. Wilson and O. M. Wilson, Johnstown, J. F. Strayer and G. M. Reidell, Woodland; B. J. Hummel, Clearfield; J. C. Moses, Bigler, and others, while Prof. Claire Wilson and J. R. Wilson of Clearfield and other citizens will also speak.

The program begins promptly at 9:30 A. M. and visitors are requested to bring their lunch and make a day of it.

FARMER OBJECTED TO "SEPTEMBER MORNS" IN DEAD HOUR OF NIGHT

Dallas, Texas, June 15.—A midnight frolic in Dallas' "old swimmin' hole" was under investigation by the local police here today. They were looking for the owners of forty outfits of lingerie, shoes, stockings and other articles of feminine wear. The clothing was presented to the police by a farmer, who said he loved nature but he also needed his rest. It appears that a number of young women were conducting some September Morn exercises

FLAG DAY EXERCISE AT COURT HOUSE A HUGE SUCCESS

Under Elk Leadership,
National Emblem Is
Honored By Hundreds
Of Town's Citizens.

HAD FINE SPEAKING

The celebration of Flag Day, under the auspices of the B. P. O. E. last evening was both pretty and highly impressive and those responsible for the same are deserving of congratulation. At 7:30 o'clock, a parade of the school children of the town and members of Clearfield Lodge of Elks marched from the High School building to the Court House, where they grouped themselves about the bandstand erected alongside the Trust Building where exercises incident to the occasion were held. The American Legion and Clearfield Italian bands were present and rendered some delightful patriotic music before, during and after the regular program had been carried out.

Dallas D. Guppy, assumed charge of the affair and introduced Dr. E. C. Reeve, who delivered an invocation thoroughly in keeping with the patriotic occasion.

Following the invocation, Mr. Guppy made a few remarks pertinent to the occasion and began the exemplification of the beautiful Elks ritual. The other officers of Clearfield Lodge Messrs L. C. Mattern, J. Mitchell Chase, F. D. Souder, Dr. John W. Cleary and James Bishop, with Dr. Reeve acting as chaplain, then following in turn with their parts.

A history of "Old Glory" was then given by Dallas D. Guppy, after which a splendid floral Liberty Bell was built upon the stand by the Elks.

A. R. Chase, Esq., followed with an inspiring address breathing patriotic loyalty to the flag.

The oath of allegiance to the flag was then taken, Rev. M. A. Ryan leading the assemblage in its repeating of the pretty oath.

The program also contained several patriotic songs by the assemblage with the bands leading the exercises concluding with "The Star-Spangled Banner".

It was an inspiring occasion and was participated in by several thousand people.

Following the regular program the Clearfield Italian Band took its place on the platform and rendered a fine musical program which lasted one hour and which was very enjoyable.

Clearfield Lodge of Elks is very grateful to all those who participated by their presence or assisted them in making the celebration the success it proved to be.

* JOHN D. HIT BY GENEROUS STROKE *

Tarrytown, N. Y., June 15.—John D. Rockefeller gave out dimes yesterday to children in Moravia, his boyhood home. Many of the recipients of these gifts were from the world's richest man declared that on the occasion of his last visit it was nickels which were given away.

mer's house and that the farmer being unable to sleep sneaked up on the unsuspecting frolickers and confiscated their clothing. A male member of the party found a gunny-sack and with it wrapped around him went to another farm house and called twenty taxis. All the members of the party got home before morning, thanks to the gunny-sack. The police secured the addresses or the destination of the various taxis and will investigate the

A Greeting in Pictures From Christy Mathewson

"Just tell the boys for me that old Matty has won the greatest game of his life," said baseball's greatest hero as the movie man photographed him at Saranac Lake, N. Y., the scene of his long battle against the white plague. "I was in a hole for a while, but I won out in the last inning and so I'll be on hand to see the next world's series."

WEST SIXTH AVENUE WINNERS

The "barnyard golf" champions of West Sixth Avenue met the horse shoe twirlers from Nichols Street on Monday evening in a series of highly strenuous contests which finally resulted in a victory for the first named team by a score of 4 to 3.

The closeness of the games will be noted by a perusal of the scores:

KILL NUISANCES WITH WAR GASES

Deadly Fumes Being Tried to Destroy Noxious Birds, Animals and Insects.

SOME PROMISE TO BE USEFUL

Migratory Blackbirds Do Damage Amounting to Thousands of Dollars in Imperial Valley of California—Injure Milo Crop.

(Prepared by the United States Department of Agriculture.) Deadly gases that were developed for war purposes are now being tried out by the United States Department of Agriculture as a means for destroying noxious birds, animals, and insects. Some of them promise to be useful when applied under proper conditions, particularly those that are heavier than air and can be used on burrowing rodents, and possibly subterranean insects and pests in stored products.

The most recent proposal is to use gas to kill destructive birds that congregate in marshes. In the coming fall the biological survey, in co-operation with the chemical warfare service, is planning to make a trial of the method on blackbirds in the Imperial valley of California. In that region these birds are said to do at least \$50,000 worth of damage to the milo crop each year. Because of their feeding habits it is impossible to destroy these birds with poisoned baits, but, as they roost on the reeds in the marshes, it is thought that they can be killed by a gas cloud at night when the wind is favorable. The blackbirds are migratory and return to the same places year after year. It is thought that a big killing in a certain locality will probably free it of the pests for many years. A few other birds in the blackbird-infested marshes will be killed at the same time, but the department believes that these local birds will soon reach their normal numbers again.

Try Gas on Rodents. Arrangements also are being made by the biological survey with the chemical warfare service for investigating the possibility of using poison gases on such burrowing rodents as rats, prairie dogs, ground squirrels, and woodchucks. Tests on pocket gophers and ground squirrels by these two co-

Blackbirds Return to Same Place Year After Year.

operating branches of the government in California show that chlorine may be used with good results if handled properly. The chemical warfare service used phosgene on rats in Porto Rico with promising results. Some of these war gases will be compared with carbon bisulphide for the killing of woodchucks and other rodents in their burrows.

Entomologists of the department have already worked in co-operation with the War department in testing various gases on insect pests of growing plants and those that infest stored grain, but it has not yet been found advisable to recommend anything to take the place of hydrocyanic acid gas or carbon bisulphide.

The serious disadvantages of many of these new gases is that they are dangerous or very irritating to men, horses, and mules, and require the use of masks and great care in handling.

HOT FORMALDEHYDE IS BEST

Potato Growers Interested in Method Because It Saves Time and Is Effective.

Many Minnesota potato growers are interested in the hot formaldehyde method of treating potato seed because it saves time, is less poisonous than corrosive sublimate, does not corrode metals, and is effective for both scab and rhizoctonia. The solution is made by mixing two parts of 40 per cent formaldehyde to 30 gallons of water. This is heated to a temperature between 118 degrees F. and 122 degrees F. The potatoes are dipped in the solution for two minutes and then dumped in a pile and covered with a canvas cover or sacks for one hour. They can then be dried or cut and planted immediately. Formaldehyde, when used without heating, will not control rhizoctonia and requires one and a half hours' soaking for best results in control of scab.

PLAN FOR GREASING WAGONS

One-Half of Lifting Usually Employed Can Be Eliminated by Working on Each Side.

A wagon can be greased with one-half the lifting usually done by removing the burrs from both wheels on one side of the wagon, then grease them, leaving the wheels bare, about two inches out, go to the opposite side of the wagon, remove both burrs and give the wagon a shove towards the local wheels.

An 11½ pound son was born to Mr. and Mrs. Clara Seiler of the same town.

HOW TO KEEP YOUR BABY WELL

A Weekly Talk Issued to Mothers Through The Babies' Prophylactic Clinic, Henry Phipps Institution, 7th and Lombard Streets, Philadelphia.

BANDS AND DIAPERS

Cotton bird's eye is the usual material for diapers. They should be twice as long as they are wide, and at least two sizes are necessary. One set may be 18 by 36, or 22 by 44 inches, and the larger ones 26 by 52 inches. The cloth should be allowed on each diaper for shrinking.

For the first diapers nothing is better than a fine grade of cheese cloth; they should be one yard wide, so that when folded twice the diaper shall have four thicknesses one half yard square. Cheese cloth washes very easily and is both soft and absorbent. Many mothers prefer using old pieces of household cotton for the first diapers and also for inside pads to catch the heavier discharges. Care should be taken not to use diapers which are too bulky, as they may get the legs out of shape.

The number of diapers provided depends upon how readily you can wash them. It is much easier to have a large number of diapers than to have to wash them every day; 5 or 6 dozen is not too many for convenience, but two dozen of each size will keep the baby fairly well supplied.

Care of the Diapers: No diapers should be used a second time before being washed. Used diapers should never be left lying about the room nor hung up to dry on the stove. Wet diapers should be placed at once in a covered pail and left to soak in cold water until they can be washed. If soiled diapers cannot be attended to at once they should be placed in a separate covered pail, and if they are to be washed within 24 hours it will be better not to soak them as that is the way the stains spread through out the entire diaper.

All solid discharges should be removed from the diaper and it should not be put into the tub until nothing but the stain is left. This is done by holding the soiled diaper over the toilet bowl and removing all the solid stool by shaking, brushing and scraping. It is well to keep a case knife in some convenient place solely to use for this.

All the diapers should be washed in very hot water with plenty of mild white soap. No washing powder of any sort should be used. They should be well boiled and rinsed in several waters until all trace of soap has disappeared. Much irritation of the thighs and buttocks, which often hurts the baby so much is caused by not rinsing the diapers enough. When ever possible diapers should be dried in the sunshine and open air. They may be used without ironing, but they are softer and look better ironed. The diaper should be changed during the day as often as it is wet or soiled. In the night it should be changed as often as the baby is taken up to be fed.

Waterproof Diapers: There are on the market certain water proof diapers which can be washed with boiling water which may be used for very short periods. It is a great comfort to the mother to be able to feel that baby will not wet through his clothing while taking him on a short journey. Needless to say, however, waterproof diapers are suitable for temporary use only and the baby should be changed just as often as when such diapers are not a part of his toilet. Waterproof diapers are liable to make the skin sore and are especially dangerous to girl babies.

Hands: Abdominal bands are used to hold the naval dressing in place. They are unhemmed strips of part-wool flannel 6 to 8 inches wide and 18 to 20 inches long. The naval dressing may be held with surgical gauze bandages, making flannel binders unnecessary. In this case the knitted band with shoulder straps may be used from the start.

Whatever sort of band is used it should never "bind." A band, if drawn tightly about the abdomen, does not prevent rupture and may do harm if the pressure is in the wrong place. The abdominal muscles of a healthy baby need little support, except, perhaps, in the earliest weeks of life; rather they need free play in order to be strengthened in the natural way by the slight exercise the baby can give them. The knitted band with shoulder straps should be substituted for the flannel band if this is used as soon as the naval is healed. The band should be fastened with tiny safety pins or with tapes just at one side of the front, never in the back.

Violent Criticism Resented. A man takes contradiction and advice much more easily than people think, only he will not bear it when violently given, even though it be well founded. Hearts are flowers, they remain open to the soft-falling dew, but

ODDS AND ENDS AND THINGS

By J. D. C.

A loaf of bread, the long commission on agricultural industry said in a preliminary report published recently, offers a striking example of what happens to the farmer's product in the way of costs and profits before it reaches the family table.

About 50 cents out of each dollar the consumer pays for bread, the report said, is absorbed in cost of distribution. The farmer gets only 29.6 cents for wheat. The average cost of getting the wheat ready for the baking stage is 8.4 cents and the average cost of manufacturing it into bread is 10.16 cents.

"A considerable factor in the baker's cost of distribution, which averages 15.76 cents of the consumer's dollar, is the service element" said the report.

A. C. Bement, vice president and secretary of the Lincoln Highway Association, is a strong advocate of the use of cement in the construction of highways. He says:

"From its study of highway costs and annual maintenance charges on all types of construction along the Lincoln way for the past nine years the Lincoln Highway Association is more than ever convinced of the correctness of its policy, adopted in 1913, of advocating concrete construction where practicable on the Lincoln Highway as being the cheapest in the long run. The Association's stand in 1913 was based upon the records of Wayne County, Michigan, where Edward N. Hires had already started the development of a county road system which has since become an object lesson to the world.

Looking ahead now, it is possible to visualize the ultimate ideal of a permanent concrete highway extending from the foot of 42d St., New York, to Lincoln Park, San Francisco. The next two years will see the elimination of the final gaps in a permanent highway connecting the Hudson and Mississippi rivers."

Here we are and have been expending a lot of surplus energy "swatting flies" at the express command of the health officers Gaulin when along

BE THERE! VICTORY EVERLASTING!

comes a Brooklyn lawyer who says these local "health fliers" are off their noodle in this matter, to death of all these pesky little flies you catch on their journey "from the stable to the table."

This Brooklynite who rushes into print in defense of the fly says: "Flies are the most useful and capable scavengers in the world, and with out them as agents in the rapid dissolution of pestiferous material we might be swept off the earth by plagues of many kinds. On the other hand, the flyless community is best assured by the prompt removal of pestiferous matter. Hence my new slogan: 'Don't swat the fly, but don't give the fly a job.'"

Mrs. C. L. Calkins, President of the Michigan wing of the W. C. T. U., takes comfort in the assurance of certain unnamed physicians that the consumers of the kind of whiskey now obtainable "cannot live more than three years." This high death rate from moonshine appears to her no less than one of the chief blessings of Providence. "It is pleasant to know," she declares "that drinkers of this vile stuff cannot long survive."

Expenditures for carrying on the ordinary business of the Government for the current fiscal year will be nearly \$1,700,000,000 less than last year, or about \$100,000,000 more than the latest estimate by Director of the Budget Dawes, Treasury officials forecast.

Expenditures of the Government, chargeable against ordinary receipts, exclusive of the principal of the public debt for the fiscal year to date, have amounted to \$3,523,136,678 compared with \$5,138,806,937 for the corresponding period last year, according to the latest Treasury statement.

Col. Smith W. Brookhart, of Washington, Ia., expended \$453.98 in the

Cigarette

It's toasted. This one extra process gives a rare and delightful quality—impossible to duplicate.

Guaranteed by The American Tobacco Co.

campaign which won him the Republican Senatorial nomination, according to his official statement filed at Washington.

"I received meals and lodging from farmers and laboring people many different times," Col. Brookhart says, "and was driven through a county on automobile trips several times without expense. Individuals, farm organizations, labor organizations and newspapers supporting me did so at their own expense. Halls were furnished without cost."

He received \$187 for his campaign fund, only two persons contributing cash.

Iowa progressives are much more liberally disposed toward their champion than are their frugal Pennsylvania brethren, judging solely of course from the way Friend Gifford had to "make it snow" at the recent gubernatorial primary.

Not an Ice Plant--- But a Real Bank

Some people have an idea that a call at a bank resembles a visit to an ice plant. Not so, these days. Banks are only human after all and visits by any one are welcomed by our officers. Come in any time and discuss your problems with our officers. We assure you that your interviews will be welcomed and anything you have to offer will be given the most cordial consideration.

If you are not a depositor in this bank come just the same and we will be pleased to take up with you your financial matters.

WASHING IS HARD WORK —Have Us Do Yours—

Lifting of heavy wash baskets, tugging with wet clothes, the sudden change from the hot steaming laundry to the outdoors—

—these are the things that wear out women before their time.

If you count the value of your own health and time, have us relieve you of this work.

We wash the entire bundle in soft, fleecy suds, rinse it in many changes of rainsoft water, iron the flatwork, starch those pieces that need it, and leave for you only the ironing of a few lighter things such as most women like to finish up themselves. Or, at a slight additional cost, we'll iron everything.

Phone and we will have our representative call. Have us show how economical it is to get the washing out of the home.

A PRIZED FLAG

Last night there was waved in the sea of flags that swept into the Court House Square one flag that has a history of interest. It left New York August 20th, 1921, on an English boat. Went all over England, was waved in Guild Hall, London; over the grave of the unknown "Tommy" in Westminster Abbey; in London Tower. It went through Holland, paid respect to the Queen of the Netherlands when she rode in state to open the Staats General. Was in the breezes when passing under the famed Brandenburg gate at the end of Unter den Linden, Berlin, was carried through the palaces of the rulers of Germany at Potsdam, was displayed when the bearer sat in three thrones of the late emperor in his palace on Unter den Linden; was held in outstretched hand when the owner stood in the marble pulpit of the marble chapel of the kaiser's palace in Coblenz, at which time he declared aloud to those present, from the very spot on which the kaiser had spoken his great war sermon, "in the name of the God, who is the God not only of the Germans but of all peoples, let there be no more war." This flag was waved in salute from the steps of the heroic equestrian statue to William the First at the junction of the Moselle and Rhine in Coblenz, to "Old Glory" that floated from the highest point in all the territory of occupation in Germany held by the Allies. It was waved over the grave of the unknown Poilus of the French army within an hour after General Pershing had decorated that grave under the Arc de Triumphe with the Congressional Medal of Honor. It was waved on the site of the notorious Bastille, in Paris. That flag has more history, but enough is here reported to establish that its owner has right to prize it.

Horace Lincoln Jacobs.

SHIP SUBSIDY A NAVAL BILL

How large is this ship subsidy against which the self-appointed watch-dogs of the Treasury rail?

A typical 5,000-ton ship will be paid a subsidy of twenty-five cents a mile—not much more than the expense of operating an automobile, all costs considered.

Even when our merchant fleet is supplemented by the construction of passenger vessels and at last we have a balanced merchant marine of 7,500,000 gross tons—even then the subsidy will amount to only about thirty million dollars. That is just one-fifth of the saving in Federal expenses attained by scrapping our battleships in accordance with the Naval Disarmament Treaty.

We shall save \$150,000,000 annually by not having those ships operate.

By destroying our battleships in process of building, in exchange for Britain's destroying blue prints of ships to be built, we equalize our navy with hers.

Theoretically. Practically we shall not be equal until we have a merchant marine approximately equal with hers, to be ready to serve as warships and naval auxiliaries in war time, and in peace time to train a personnel from which the navy can recruit.

The subsidy aims to encourage the construction of such an American merchant marine.

We are taking thirty million dollars, one-fifth of our savings through Naval Disarmament, and applying it to strengthen the branch of the navy in which we are weakest.

That's the meaning of the Ship Subsidy bill as a naval measure.—New York American.

SENATE BATTLE ON NAVAL MEASURE IS IN FULL SWING

Washington, D. C., June 15.—The battle over the naval appropriations bill as revised by Senator Newberry, Republican, of Michigan, broke in the Senate today. Encouraged by the announcement of Republican appropriation leaders in that House that they would not sanction the Newberry revision, Senator King, Democrat, of Utah, led the fight with the charge that the bill would provide indefinite occupation of Haiti and San Domingo by United States Marines, and that the cut in the Mare Island Navy Yard appropriation would destroy the Pacific naval base.

BUILT BETTER than Cars that Cost More-

A CAREFUL analysis of the construction and complete equipment of the Light-Six will convince you that it has no duplicate in value in the light car class.

For instance, the machining of the crankshaft and connecting rods on all surfaces is a manufacturing practice that is found only on costlier cars.

This particular operation is mainly responsible for the fine balance of the Light-Six motor and its remarkable freedom from vibration at all speeds. It also has an important bearing on the wearing quality of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible because practically every part that goes into the car is manufactured complete in the most modern plant in the world. Parts-makers' profits are practically eliminated. Important savings through better methods and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should find out why the Light-Six offers you so much more for your money in performance, service and economy.

Wholesale Evictions Will Be Made In The Uniontown Coalfield

Uniontown, Pa., June 15.—Operators have decided on a policy of "work or get out of the company houses" for the 10,000 miners on strike in Fayette County coal fields. Steps to evict striking miners were taken after efforts to bring them back to their pits failed. Today scores of them are doubling up with friends or occupying stables. Four hundred and ninety seven miners and their families have been evicted since the first of April. Over two hundred were evicted during the last week with approximately one hundred more to be evicted by the roadside next week. In the meantime scores of strike breakers are being brought in from Pittsburgh and other places. Except for an outbreak in Brownsville late Tuesday the situation has been exceedingly quiet.

WARD INDICTED BY GRAND JURY FOR KILLING OF PETERS

White Plains, N. Y., June 15.—Walter S. Ward, son of the millionaire baker, was indicted today by the Westchester grand jury on a charge of killing Clarence Peters, former marine, on May 15th, or 16th.

STOMACH TROUBLE—NO WORK 3 YEARS

Two Bottles of Nerv-Worth Put Him Back on Job

"About three years ago I commenced to lose flesh and strength rapidly," said S. S. Alessi, Washington, Pa. "I suffered dyspepsia, stomach and bowel troubles for years and tried various remedies without relief. My condition became so bad that I was forced to be off duty and lost 13 pounds in two weeks time. I began to think I was done for in this world. Then I got Nerv-Worth and from the first dose I began to pick up. After taking two bottles I was up and around and soon went back to work for the first time in three years. I don't seem to get tired with a hard day's work—I eat well and sleep fine." That's what Nerv-Worth does for hundreds who have stomach and bowel trouble. You can get it at any drug store for one dollar a bottle. It is always on sale at Stewart's Drug Store in this city and every druggist is authorized to give the money back if the first bottle does not show encouraging results. It is fine for delicate women and sickly children because of its pleasant taste and mild though always effective action.

CURWENSVILLE

A joint meeting of committees for the Fourth of July celebration was held in the Fireman's Hall on Tuesday evening and definite plans laid for the best time Curwensville has ever seen. George L. Benner is general chairman of the Fourth of July celebration or Association and his name alone assures success. He is ably assisted by Paul Robison as Treasurer and R. T. Lantz, Secretary. The celebration will be held at what has been known as the "Pee Wee's Nest" but from now on will bear the dignified and appropriate name of "Irvin Park" and it is to be made a park worthy of the name. The road work will in no wise interfere with its use as the back entrance will be put into perfect order. An additional grant on the part of the generous donors of the park has made possible wonderful parking facilities and every thing which can make guests happy and comfortable will be provided. Ground was broken yesterday for the new base ball diamond and the fans may be assured of a treat as a great game is scheduled. A fine parade is planned which will include floats from all the orders and lodges of the town. Two wonderful bands will participate. There will be races and various other competitive sports, dancing afternoon and evening, speeches by patriotic orators, good music and to close all—a wonderful display of fireworks in the evening. Plan to spend the day at home, urge your friends to spend it with you as it is to be a day long to be remembered. That you may know who are the men who are making this day a success—here are the committees:

Finance—Paul Robison, chairman; J. P. Irvin, J. D. Haines, H. Phil Thompson, Claude J. Bloom, Jas. Edmiston, J. J. Sheridan.

Athletics—R. R. Robinson, Chairman; R. T. Lantz, Fred Robinson, Geo. L. Hittaker, O. F. Smith, A. F. Maurey, Al. McNaull, H. M. Irvin, C. F. Sweeney, Jas. Rider.

Floats and decoration; Jake Kantar, chairman; Harry Gates, R. T. Lantz, Irvin Moore.

Parade—Geo. L. Benner, Chairman; Frank Traister, Harry Brown, Verne Bloom.

Entertainment—J. J. Sheridan, Chairman, Frank Traister.

Bands of Music—Jas. Edmiston, chairman; J. M. McKinley, Letterio Errigo, Horatio Ciccolo.

Publicity—Fred P. Robinson, chairman; Jos. G. Fullerton, Jake Kantar.

Refreshments—Claude J. Bloom, H. Phil Thompson.

Mrs. Newcomer, who spent the winter with her daughter Mrs. W. L. Dale, left yesterday for West Virginia to visit another daughter.

Mrs. Mary McNaull has returned from a visit with friends in Coalport.

David McKinley is convalescing from a severe attack of pneumonia.

DODGE BROTHERS BUILD NEW COUPE WHICH IS BEAUTY

Closed Car For Business Men Is Distinct Achievement. In Automotive Field

First With All Steel Body—Other Cars Have New Body Design

Behind the simple phraseology of an announcement which Dodge Brothers, Detroit automobile manufacturers, are publishing today in every important city and town in America, lies the story of a new achievement in automobile development. "Dodge Brothers announce a business coupe; conservative changes in the body design of all other types," the advertisement reads.

The business coupe is the first all-steel closed car ever marketed. In this respect it takes a new and distinct place in automotive history, for it involves an entirely unique principle of coupe body construction. The steel body not only practically eliminates the problem of limited production, due to the tedious and costly individual workmanship required on wood bodies, but also enables the manufacturers to give the coupe the same lustrous baked enamel finish which has already contributed so much to the reputation of Dodge Brothers open cars. This process in itself will also facilitate quantity production, as an enormous amount of time was consumed heretofore in applying the numerous coats of paint required on wood.

Naturally, there are important factors in the determination of the selling price, resulting in economies which Dodge Brothers are passing directly to the purchaser. "Wood is practically eliminated from the construction of this car," said M. L. H. Rapsey, the local dealer. "Even the framework and panels are of steel, and the natural result is a lighter, quieter and more durable car. Steel prolongs life and reduces the possibility of squeaks and rattles."

"The business men of America have been expecting such a coupe and Dodge Brothers have given it to them."

"It is in reality a coupe at a roadster price. While it is easily attractive enough for any use, it is particularly designed for the business man who needs the comfort and protection of a closed car in his work, but who can easily get along without a few of the luxuries, which, in the past, have made the closed car so expensive. The business coupe is built inside and out to withstand the wear

Mr. Mays representing Roberts, Johnson & Rand Shoe Co., was a business visitor yesterday.

Mrs. Annie Tobias, of Carnwath, was a Curwensville shopper on Wednesday.

Louis McDivitt was a business visitor yesterday.

Mrs. Lynn Stewart and children, of are visiting in town.

Mrs. C. S. Russell has returned from a visit with friends in Philadelphia.

Mrs. T. J. LaBorde spent several days in Clearfield with her daughter Mrs. S. C. Kirk.

Mrs. Elmer Bloom was called to Philipsburg Sunday by the serious illness of her father.

EVERETT TRUE

BY CONDO

and tear of every day use—and yet it retains the same lightness and beauty of line which everyone is accustomed to look for in Dodge Brothers closed cars. It lacks only what I might term the depreciation liabilities of the more expensive coupe. It is upholstered in genuine leather, has a wide, comfortable straight seat, is equipped with cord tires, heater, dome light, windshield cleaner and adjustments for raising or lowering windows. The doors are unusually wide and are fitted with new easy closing Yale locks. There is more than the usual amount of leg room and convenient and spacious luggage compartments are provided. Doctors, real estate men and salesmen of all kinds will find it just the car they need. We already have good indications of a tremendous demand.

"The change of design in the other Dodge Brothers cars indicates that while Dodge Brothers have always adhered closely to the practical they are also progressive and abreast of the times. It is Dodge Brothers policy to make improvements year after year and month after month and this is simply another step forward."

DON'T MISS IT! SOON EXPECTED!

The Old Carriage Maker Had an Important Truth

"To make each part as strong as the rest," was his way of "building a wonderful, one-horse chaise that wouldn't wear out till judgment day."

This illustrates a fact that is keeping many doctors busy these days—human bodies, like chaises, break down because some part isn't as strong as the others.

Very often it's because of ill-balanced food, lacking in some important element of nutrition. This is especially true of ill-developed in childhood, and carried on through life.

Grape-Nuts, that world-famous, ready-to-eat cereal, brings the plan of building each part as strong as the rest—to serve human need. Grape-Nuts contains all the nutriment of those best of the field grains, wheat and barley, including the vital mineral elements, and it is a wonderful food for building and sustaining health and strength.

The delicious flavor and crispness of Grape-Nuts make it a welcome dish whenever you're hungry.

Anthracite Operators And Miners Break Off All Negotiations

New York, June 14.—With the refusal of miners' representatives on the general scale conference to accept arbitration the operator's representatives late today flatly refused to proceed further in the negotiations unless the miners agree to arbitration. The conference adjourned without setting a date for another meeting.

Both sides regard the negotiations as broken off, at least for the present.

"We don't see what more any man or organization can do," said Samuel D. Warriner, spokesman for the operators, after the conference.

"It looks like a strike," asserted Philip Murray, vice president of the union, and spokesman for the committee. "We will call out even the maintenance men if necessary."

FIND DECAPITATED BODY OF MAN ATOP 20TH CENTURY LTD.

Toledo, Ohio, June 15.—The decapitated body of Francis I. Bowman, aged 32, of Caldon, N. J., was found atop the Twentieth Century Limited when it arrived here today. Coroner Hinzler said the man's head had apparently struck a low bridge or tunnel. Identification cards found in his pockets indicated he was enroute to visit his mother in Omaha.

COAL HILL DETOUR TO McPHERSON'S MILL

The Lawrence township Supervisors positively refuse to offer themselves for execution any of these bright mornings and so informed The Progress this morning. J. R. Fullerton of Hyde, who has charge of the Coal Hill detour says that if motorists will use the route out past the Bigler farm to McPherson's mill and then down the road to Hyde City they will have a fine road all the way around. It is a little bit farther around but the difference in the condition of the road will make up for the extra distance.

The river road is in fair shape except that it is so narrow it is hard for two cars to pass. The township authorities are limited in their road fund and are not able to widen the road and hope the traveling public will accept with good grace the hardship entailed by the added distance.

BIG LUMBER YARD AFIRE IN PHILADELPHIA

Philadelphia, Pa., June 15.—Three fire engines and one hundred and fifty firemen were still fighting a fire which started last night in the lumber yard of George Nass & Co., here destroying 4,000,000 feet of lumber estimated to be worth \$500,000. Five persons were injured, two firemen, an employee and two spectators.

"Dry" Congressmen Line Up Against Ship Subsidy

LASKER DECISION ANGERS MEMBERS OF THE HOUSE

Declare They Will Not
Vote Favoring Nation
Going Into The Booze
Business On Water.

WILL BE A FIGHT

Washington, D. C., June 15.—Prohibitionists in Congress today decided to make an immediate move to knock out the shipping board order that all kinds of liquor can be sold outside the three mile zone by vessels flying the American flag. Representative Blanchard, of Alabama, announced that in the House merchant marine committee today he would seek to have an amendment included in the ship subsidy bill nullifying the order of the shipping board.

A storm of opposition that seriously menaces the success of the ship subsidy bill broke out among the powerful dry forces in Congress as the result of the shipping board's ruling that all kinds of liquor can be sold outside the three mile limit on shipping board vessels flying the American flag.

Republican dries were loud in their denunciation of Chairman Lasker's decision and said that under no circumstances would they ever approve of the government entering the liquor business. The dries claim that they will soon, in one way or another, bring an end to the era of American oases on the high seas.

Nothing in recent months has caused such a stir in Congress as A. A. Busch's charge that America is the biggest bootlegger nation and the charges that America and her Prohibition Law have become the laughing stock of the world.

FIREMEN READY TO SHOW "THE BOYS" A GREAT TIME

Everything is set and ready for the Firemen's celebration at the Driving park tonight, the department looking forward with a great deal of interest to the ceremonies incident to the conferring of honorary membership upon the surviving members of Clearfield's first fire company.

In addition to the ceremonies in the Exhibition Building the American Legion band will give an open air concert in the Park, to which everybody is invited and which will be free to all.

The concert will start following the arrival of the parade at the park.

The program for the concert is as follows:

March "The Stars and Stripes Forever" Sousa
Overture "Poet and Peasant" Suppe
A Tropical Dance "Tolita" Moreno
Excerpts from "Maytime" Ramberg
March "On the Square" Panella
Fantasia on "Old Folks at Home" Dalbey
(Introducing Variations for principal instruments)
Medley Waltz "Three O'clock in the Morning" Robledo
"Selection of Sweet Old Irish Songs" Beyer
March "Swannanoa" Thayer
Star Spangled Banner
H. Clark Thayer, Conductor

A CORRECTION

Judge Allison O. Smith advises The Progress today that the sale of a part of his Second street property has not been consummated as was said in yesterday's issue.

It is understood that all negotiations are off.

Mrs. A. H. Good and Alfred Good, have returned to Altoona after spending a week with the former's parents.

SHRINERS TO HOLD BIG FIELD MEET AT TYRONE JUNE 21ST

Everything is in readiness for Shriner's Field Day to be held in Tyrone, Pa., at the P. R. R. Y. M. C. A. Athletic Park, Wednesday, June 21st, and the Tyrone Shriners and citizens will be right there to extend a cordial welcome and the courtesies of their beautiful city and park to the visiting Shriners, their families and friends and to the public at large.

The events of the day will begin just after noon with concerts by the several bands, followed by the big Shriner's parade, which will proceed from the Municipal Building at two o'clock sharp, in the following formation:

Jaffa Temple Band
Jaffa Temple Chanters
Tyrone Shop Band
Jaffa Temple Patrol
Jaffa Temple Oriental Band.
Shriners in automobiles.

The parade will terminate at the Athletic Park, where a splendid entertainment has been arranged for, this to start at three o'clock. The program follows:

Concert by Jaffa Temple Band.
Parade by Jaffa Temple Oriental Band.

Concert by Tyrone Shop Band.
Concert by Jaffa Temple Chanters.
Drill by Jaffa Temple Patrol.
Ball Game between Tyrone Division and Huntingdon.

At 4:30 a delicious luncheon will be served the Shriners' and their ladies, tickets for which may be procured by the presentation of the 1922 card at the information bureau.

The program for the evening, which will start at 7:15 o'clock will be carried out on Pennsylvania Avenue, with concerts by Jaffa Temple Band, Tyrone Shop Band, Jaffa Temple Chanters, the Oriental Band. Following, a block dance, to which all are invited whether members of the organization or not, will be held in Pennsylvania Avenue, and for this delightful feature a ten-piece orchestra will play. At the same time a dance will be held in the Junior Assembly Hall for the Shriners and their ladies, admission to which will be gained only by presentation of the 1922 card.

Away dull care—come with your families and friends and be entertained on One of the Most Beautiful Playgrounds in America.

GENERAL STRIKE IN HARD COAL FIELD TO BE DECIDED JUNE 26

Cleveland, Ohio, June 15.—Representatives of the coal operators and miners of the central district, comprising Central Pennsylvania, Ohio and Indiana, will meet before July 1st in an effort to end the strike in the Central District. The place and date for the conference have not yet been decided.

New York, N. Y., June 15.—A general strike throughout the Anthracite region threatened today as miners and operators members of the wage scale committee broke off negotiations. Declaration of a general strike will mean that pump men and others left in charge of the mines will be called out. Such action would seriously damage the properties unless non-union men are called out to take the places of the union men. The representatives will leave for their homes today and will gather at Wilkes-Barre June 26th at which time it is expected the strike call will be made.

non-union men are called out to take the places of the union men. The representatives will leave for their homes today and will gather at Wilkes-Barre June 26th at which time it is expected the strike call will be made.

No Job for a Bachelor

'Soon every cop'll have to show a diploma from a nurses' school to make the force,' says Captain John Hughes, New York policeman who has to take care of the lost kids at Coney.

Farmers Interested Free For All Battle On Principally In Farm Potomac Steamer Results Machines And Fertility In Death Of Combatant

State College, Pa., June 15.—Large groups of farmers, hushing here and there over the experimental plots, around barns and buildings, and about the farms operated by the School of Agriculture at the Pennsylvania State College, today participated in another successful June Farmers' Week.

Considerable interest was noticeable in farm machinery and equipment, especially in the demonstration of line pulverizers. A number of farmers awoke to the possibilities of the limestone resources on their farms and compared the price they ordinarily paid for lime, with the supply of ground limestone that they could have for \$2.50 a ton, by investing in a pulverizer.

Morning and afternoon were divided into two periods each, with each busy group during these periods, attentively seeking information on some one particular question. As many as thirteen demonstration, auto tours, or inspections were conducted in one period. Many of the visitors making hurried choice between two or more demonstrations, brightened up when they found that the college had provided for such an emergency by a repetition of some of the projects on tomorrow's program.

The historic fertility plots also attracted a great deal of attention and most of the visitors gave at least one period to the inspection of the 35 and 40 year old results of fertilizer applications in various combinations on these plots. Farmers with special live stock interests wended their way to the barns or joined live stock tours of the farms where the college keeps its stock of pure breeds during the summer. Commercial orchards, vegetable breeding plots, poultry plants, etc., all received a full share of the visiting farmers' attention.

The state championship judging, fitting, and showing contests, that attracted three hundred Pennsylvania farm boys and girls to State College for Young Farmers' Week completing their program this afternoon. The result will be made known and the prizes awarded at tonight's meeting when president Dr. John M. Thomas will speak.

RESPECTED GLEN RICHEY WOMAN DIES

Mrs. Elizabeth Morgan died this morning at the home of her son Thomas in Glen Richey, as a result of the frailties incident to advanced years. She was aged 81 years and is survived by eight sons and one daughter.

Funeral will be held from the Morgan home Sunday afternoon at 1 o'clock. Interment at Bloomington.

Born to Mr. and Mrs. Rudolph Currier at their home in Kerr Addition on

CLERKS AND DEPOT EMPLOYEES GET CUT FROM LABOR BOARD

Chicago, June 14.—The United States Railroad Labor Board late today signed a decision cutting between \$40,000,000 and \$50,000,000 from the wages of additional classes of railroad employees, principally clerks, station employees, express handlers and signalmen.

The new order, which will bring recent wage cuts by the board to \$160,000,000 annually, will affect approximately 300,000 men and will be effective July 1, when the maintenance of way and shop employees also will receive wage reductions.

As the order was signed, announcement came from the offices of the railway employees department of the American Federation of Labor here that the first strike ballots had been returned and that shop employees were voting overwhelmingly for a walk-out. The strike ballots recently were sent out by the American Federation of Labor, railway department leaders, returnable June 30. Later the time set was advanced to June 25 and it is reported that a strike may be called for July 1.

"White Collar" Forces Hit
It also was stated that the Brotherhood of Clerks, Express Handlers and Station Employees have received their strike ballots in advance of the labor board's decision, which probably will be made public Friday. This decision will hit the "white collar" forces of the railroad unions.

No decision is immediately in sight for a wage cut for the 85,000 railroad telegraphers, according to the officers of the labor board. This class of employees will not receive a reduction until August, according to best information.

The pending decision is signed by the three railroad members and the three public members. A dissenting opinion by the three labor members will be entered in which the reduction will be criticised as being "unfair and unjustified."

Willard Optimistic
Wallace, Idaho, June 14.—Belief that "the high intelligence of railroad men as a class" will make a general railroad strike impossible, was expressed here by Daniel Willard, president of the Baltimore & Ohio railroad who came West to attend the marriage today of his son. He stated the opinion that there would be "but a few sporadic instances of men leaving their jobs."

Willard is optimistic as to the business outlook, pointing to the 70 per cent of normal output of the Pittsburgh and Youngstown steel mills, in place of the 30 per cent of normal a year ago, as a safe business barometer.

Last Pay Cut Today..

Chicago, Ill., June 15.—The United States Rail Labor Board was ready today to order another cut in the pay of the railroad employees, bringing the total reduction to approximately \$145,000,000. The latest order expected to be made public today, affects the pay of clerks, officers, stationary firemen, marine employees and signal men. Shop and maintenance of way workers were hit in previous decisions. Approximately 1,250,000 employees are covered in the three orders. Today's order, it is believed, will be the last pay cut in the present readjustment.

MOTHER'S PLEADING WILL GET YOUNGEST SLAYER NEW TRIAL

New York, N. Y., June 15.—A mother's sacrifice and persistent pleading seemed today to have had the effect she hoped for and Angelo Tumbarello, aged 18, the youngest murderer ever sentenced to the electric chair here, was figuratively on the safe side of death. Over twenty affidavits containing a plea for a new trial for the lad have been received by Governor Miller and John C. Judge, attorney for the boy's mother is confident that a new trial will be granted.

CRIPPLED STORK DROPS CARGO OF FOUR IN HOME

Kittanning, Pa., June 15.—A stork flying with a human cargo of twenty-one pounds over Ford City, near here, probably had a wing broken or lost its way and left quadruplets by mistake at the home of Stephen Marchinek. The first arrival, a girl, weighed six and one half pounds, the second a boy four and one quarter pounds, and the third and fourth, girls, each five and one quarter pounds. Mrs. Marchinek and the quartette are all reported to be doing nicely. This makes a total of nine children in the family. Stephen is a plate glass worker.

BARNYARD GOLF CONTINUES TO INTEREST MANY

The interest in horse shoe pitching started as one of the activities of Clearfield Community Service has reached a stage of rivalry between the sections of the city. The West Pine Street Courts will be the place where the champions of the East End will meet some of the best West Side players about seven o'clock this evening. It is planned to have the Italian band on the scene, and the West Siders expect to make their contemplated victory a matter of a neighborhood celebration.

In the elimination contest on the West Side, four decisions have been arrived at in the first round. The Gearhart's Knitting Machine Co., defaulted to the Patterson Brick Yard team; the West 6th ave. team won from the Nichols St. 2nd team, four games out of seven, while the scores in the other two sets were as follows: Quality Bakery 21 16 21 10 16 21 21
Barger and Spackman
Weaver St. 18 21 9 21 21 15 20
Ennis & R. Ogden
West Pine St 2nd team 21 21 21 21
Hickson and Cowdrick
Nichols St. 3rd team 16 18 15 15
L. Ogden and Boyce

BRADFORD "HOME" COMING SCHEDULED FOR SUNDAY, JUNE 25

The annual Bradford township "home coming", which has been a growing feature for the past five years is scheduled to be held this year on Sunday, June 25th and all former residents of old Bradford are urged to return to the old scenes and meet and greet their old friends and neighbors.

An elaborate program has been prepared for the sixth home coming. The music will be in charge of Rev. John G. Maines and addresses will be made by Revs. A. B. Wilson, Alliance, Ohio; W. S. Wilson and O. M. Wilson, Johnstown, J. F. Strayer and G. M. Reidell, Woodland; B. J. Hummel, Clearfield; J. C. Moses, Bigler, and others, while Prof. Claire Wilson and J. R. Wilson of Clearfield and other citizens will also speak.

The program begins promptly at 9:30 A. M. and visitors are requested to bring their lunch and make a day of it.

FARMER OBJECTED TO "SEPTEMBER MORNS" IN DEAD HOUR OF NIGHT

Dallas, Texas, June 15.—A midnight frolic in Dallas' "old swimmin' hole" was under investigation by the local police here today. They were looking for the owners of forty outfits of lingerie, shoes, stockings and other articles of feminine wear. The clothing was presented to the police by a farmer, who said he loved nature but he also needed his rest. It appears that a number of young women were conducting some September Morn exercises

FLAG DAY EXERCISE AT COURT HOUSE A HUGE SUCCESS

Under Elk Leadership,
National Emblem Is
Honored By Hundreds
Of Town's Citizens.

HAD FINE SPEAKING

The celebration of Flag Day, under the auspices of the B. P. O. E. last evening was both pretty and highly impressive and those responsible for the same are deserving of congratulation. At 7:30 o'clock, a parade of the school children of the town and members of Clearfield Lodge of Elks marched from the High School building to the Court House, where they grouped themselves about the bandstand erected alongside the Trust Building where exercises incident to the occasion were held. The American Legion and Clearfield Italian bands were present and rendered some delightful patriotic music before, during and after the regular program had been carried out.

Dallas D. Guppy, assumed charge of the affair and introduced Dr. E. C. Reeve, who delivered an invocation thoroughly in keeping with the patriotic occasion.

Following the invocation, Mr. Guppy made a few remarks pertinent to the occasion and began the exemplification of the beautiful Elks ritual. The other officers of Clearfield Lodge Messrs L. C. Mattern, J. Mitchell Chase, F. D. Souder, Dr. John W. Cleary and James Bishop, with Dr. Reeve acting as chaplain, then following in turn with their parts.

A history of "Old Glory" was then given by Dallas D. Guppy, after which a splendid floral Liberty Bell was built upon the stand by the Elks.

A. R. Chase, Esq., followed with an inspiring address breathing patriotic loyalty to the flag.

The oath of allegiance to the flag was then taken, Rev. M. A. Ryan leading the assemblage in its repeating of the pretty oath.

The program also contained several patriotic songs by the assemblage with the bands leading the exercises concluding with "The Star-Spangled Banner".

It was an inspiring occasion and was participated in by several thousand people.

Following the regular program the Clearfield Italian Band took its place on the platform and rendered a fine musical program which lasted one hour and which was very enjoyable.

Clearfield Lodge of Elks is very grateful to all those who participated by their presence or assisted them in making the celebration the success it proved to be.

* JOHN D. HIT BY GENEROUS STROKE *

Tarrytown, N. Y., June 15.—John D. Rockefeller gave out dimes yesterday to children in Moravia, his boyhood home. Many of the recipients of these gifts from the world's richest man declared that on the occasion of his last visit it was nickels which were given away.

mer's house and that the farmer being unable to sleep sneaked up on the unsuspecting frolickers and confiscated their clothing. A male member of the party found a gunny-sack and with it wrapped around him went to another farm house and called twenty taxis. All the members of the party got home before morning, thanks to the gunny-sack. The police secured the addresses or the destination of the various taxis and will investigate the

A Greeting in Pictures From Christy Mathewson

"Just tell the boys for me that old Matty has won the greatest game of his life," said baseball's greatest hero as the movie man photographed him at Saranac Lake, N. Y., the scene of his long battle against the white plague. "I was in a hole for a while, but I won out in the last inning and so I'll be on hand to see the next world's series."

WEST SIXTH AVENUE WINNERS

The "barnyard golf" champions of West Sixth Avenue met the horse shoe twirlers from Nichols Street on Monday evening in a series of highly strenuous contests which finally resulted in a victory for the first named team by a score of 4 to 3.

The closeness of the games will be noted by a perusal of the scores:

MAKE DRINKING
MILK A DAILY
HABIT

Of course you know and realize that milk has all the nutriment that any one food can contain, but when you drink your daily quart of milk are you sure that you are getting the safest milk that you can?

There is only one real safe milk and that is the pasteurized kind that we are daily placing on hundreds of tables in this city. The process takes out all the germs and the milk comes to you as pure as the driven snow.

Drink milk, but be sure that it's pasteurized.

A PRIZED FLAG

Last night there was waved in the sea of flags that swept into the Court House Square one flag that has a history of interest. It left New York August 20th, 1921, on an English boat. Went all over England, was waved in Guild Hall, London; over the grave of the unknown "Tommy" in Westminster Abbey; in London Tower. It went through Holland, paid respect to the Queen of the Netherlands when she rode in state to open the Staats General. Was in the breezes when passing under the famed Brandenburg gate at the end of Unter den Linden, Berlin, was carried through the palaces of the rulers of Germany at Potsdam, was displayed when the bearer sat in three thrones of the late emperor in his palace on Unter den Linden; was held in outstretched hand when the owner stood in the marble pulpit of the marble chapel of the kaiser's palace in Coblenz, at which time he declared aloud to those present, from the very spot on which the kaiser had spoken his great war sermon, "in the name of the God, who is the God not only of the Germans but of all peoples, let there be no more war." This flag was waved in salute from the steps of the heroic equestrian statue to William the First at the junction of the Moselle and Rhine in Coblenz, to "Old Glory" that floated from the highest point in all the territory of occupation in Germany held by the Allies. It was waved over the grave of the unknown Poilus of the French army within an hour after General Pershing had decorated that grave under the Arc de Triumphe with the Congressional Medal of Honor. It was waved on the site of the notorious Bastille, in Paris. That flag has more history, but enough is here reported to establish that its owner has right to prize it.

Horace Lincoln Jacobs.

SHIP SUBSIDY A NAVAL BILL

How large is this ship subsidy against which the self-appointed watch-dogs of the Treasury rail?

A typical 5,000-ton ship will be paid a subsidy of twenty-five cents a mile—not much more than the expense of operating an automobile, all costs considered.

Even when our merchant fleet is supplemented by the construction of passenger vessels and at last we have a balanced merchant marine of 7,500,000 gross tons—even then the subsidy will amount to only about thirty million dollars. That is just one-fifth of the saving in Federal expenses attained by scrapping our battleships in accordance with the Naval Disarmament Treaty.

We shall save \$150,000,000 annually by not having those ships operate.

By destroying our battleships in process of building, in exchange for Britain's destroying blue prints of ships to be built, we equalize our navy with hers.

Theoretically. Practically we shall not be equal until we have a merchant marine approximately equal with hers, to be ready to serve as warships and naval auxiliaries in war time, and in peace time to train a personnel from which the navy can recruit.

The subsidy aims to encourage the construction of such an American merchant marine.

We are taking thirty million dollars, one-fifth of our savings through Naval Disarmament, and applying it to strengthen the branch of the navy in which we are weakest.

That's the meaning of the Ship Subsidy bill as a naval measure.—New York American.

A. F. L. READY TO SUPPORT SCHEME OF LA FOLLETTE

Armory, Cincinnati, Ohio, June 15.—American Federation of Labor leaders are ready to support Senator La Follette's plan giving Congress the power to vote over the courts. It is possible the American Federation of Labor convention will formally adopt a resolution to this effect.

SENATE BATTLE ON NAVAL MEASURE IS IN FULL SWING

Washington, D. C., June 15.—The battle over the naval appropriations bill as revised by Senator Newberry, Republican, of Michigan, broke in the Senate today. Encouraged by the announcement of Republican appropriation leaders in that House that they would not sanction the Newberry revision, Senator King, Democrat, of Utah, led the fight with the charge that the bill would provide indefinite occupation of Haiti and San Domingo by United States Marines, and that the cut in the Mare Island Navy Yard appropriation would destroy the Pacific naval base.

BUILT BETTER than Cars that Cost More-

A CAREFUL analysis of the construction and complete equipment of the Light-Six will convince you that it has no duplicate in value in the light car class.

For instance, the machining of the crankshaft and connecting rods on all surfaces is a manufacturing practice that is found only on costlier cars.

This particular operation is mainly responsible for the fine balance of the Light-Six motor and its remarkable freedom from vibration at all speeds. It also has an important bearing on the wearing quality of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible because practically every part that goes into the car is manufactured complete in the most modern plant in the world. Parts-makers' profits are practically eliminated. Important savings through better methods and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should find out why the Light-Six offers you so much more for your money in performance, service and economy.

Wholesale Evictions Will Be Made In The Uniontown Coalfield

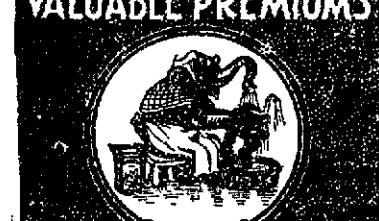

Uniontown, Pa., June 15.—Operators have decided on a policy of "work or get out of the company houses" for the 10,000 miners on strike in Fayette County coal fields. Steps to evict striking miners were taken after efforts to bring them back to their pits failed. Today scores of them are doubling up with friends or occupying stables. Four hundred and ninety seven miners and their families have been evicted since the first of April. Over two hundred were evicted during the last week with approximately one hundred more to be evicted by the roadside next week. In the meantime scores of strike breakers are being brought in from Pittsburgh and other places. Except for an outbreak in Brownsville late Tuesday the situation has been exceedingly quiet.

WARD INDICTED BY GRAND JURY FOR KILLING OF PETERS

White Plains, N. Y., June 15.—Walter S. Ward, son of the millionaire baker, was indicted today by the Westchester grand jury on a charge of killing Clarence Peters, former marine, on May 15th, or 16th.

STOMACH TROUBLE—NO WORK 3 YEARS

Two Bottles of Nerv-Worth Put Him Back on Job

"About three years ago I commenced to lose flesh and strength rapidly," said S. S. Alessi, Washington, Pa. "I suffered dyspepsia, stomach and bowel troubles for years and tried various remedies without relief. My condition became so bad that I was forced to be off duty and lost 13 pounds in two weeks time. I began to think I was done for in this world. Then I got Nerv-Worth and from the first dose I began to pick up. After taking two bottles I was up and around and soon went back to work for the first time in three years. I don't seem to get tired with a hard day's work—I eat well and sleep fine." That's what Nerv-Worth does for hundreds who have stomach and bowel trouble. You can get it at any drug store for one dollar a bottle. It is always on sale at Stewart's Drug Store in this city and every druggist is authorized to give the money back if the first bottle does not show encouraging results. It is fine for delicate women and sickly children because of its pleasant taste and mild though always effective action.

CURWENSVILLE

A joint meeting of committees for the Fourth of July celebration was held in the Fireman's Hall on Tuesday evening and definite plans laid for the best time Curwensville has ever seen. George L. Benner is general chairman of the Fourth of July celebration or Association and his name alone assures success. He is ably assisted by Paul Robison as Treasurer and R. T. Lantz, Secretary. The celebration will be held at what has been known as the "Pee Wee's Nest" but from now on will bear the dignified and appropriate name of "Irvin Park" and it is to be made a park worthy of the name. The road work will in no wise interfere with its use as the back entrance will be put into perfect order. An additional grant on the part of the generous donors of the park has made possible wonderful parking facilities and every thing which can make guests happy and comfortable will be provided. Ground was broken yesterday for the new base ball diamond and the fans may be assured of a treat as a great game is scheduled. A fine parade is planned which will include floats from all the orders and lodges of the town. Two wonderful bands will participate. There will be races and various other competitive sports, dancing afternoon and evening, speeches by patriotic orators, good music and to close all—a wonderful display of fireworks in the evening. Plan to spend the day at home, urge your friends to spend it with you as it is to be a day long to be remembered. That you may know who are the men who are making this day a success—here are the committees:

Finance—Paul Robison, chairman; J. P. Irvin, J. D. Haines, H. Phil Thompson, Claude J. Bloom, Jas. Edmiston, J. J. Sheridan.

Athletics—R. R. Robinson, Chairman; R. T. Lantz, Fred Robinson, Geo. L. Hittaker, O. F. Smith, A. F. Maurey, Al. McNaui, H. M. Irvin, C. F. Sweney, Jas. Rider.

Floats and decoration; Jake Kantar, chairman; Harry Gates, R. T. Lantz, Irvin Moore.

Parade—Geo. L. Benner, Chairman; Frank Traister, Harry Brown, Verne Bloom.

Entertainment—J. J. Sheridan, Chairman, Frank Traister.

Bands of Music—Jas. Edmiston, chairman; J. M. McKinley, Lettario Errigo, Horatio Ciccolo.

Publicity—Fred P. Robinson, chairman; Jos. G. Fullerton, Jake Kantar.

Refreshments—Claude J. Bloom, H. Phil Thompson.

Mrs. Newcomer, who spent the winter with her daughter Mrs. W. L. Dale, left yesterday for West Virginia to visit another daughter.

Mrs. Mary McNaui has returned from a visit with friends in Coalport.

David McKinley is convalescing from a severe attack of pneumonia.

DODGE BROTHERS BUILD NEW COUPE WHICH IS BEAUTY

Closed Car For Business Men Is Distinct Achievement. In Automotive Field

First With All Steel Body—Other Cars Have New Body Design

Behind the simple phraseology of an announcement which Dodge Brothers, Detroit automobile manufacturers, are publishing today in every important city and town in America, lies the story of a new achievement in automobile development. "Dodge Brothers announce a business coupe; conservative changes in the body design of all other types," the advertisement reads.

The business coupe is the first all-steel closed car ever marketed. In this respect it takes a new and distinct place in automotive history, for it involves an entirely unique principle of coupe body construction. The steel body not only practically eliminates the problem of limited production, due to the tedious and costly individual workmanship required on wood bodies, but also enables the manufacturers to give the coupe the same lustrous baked enamel finish which has already contributed so much to the reputation of Dodge Brothers open cars. This process in itself will also facilitate quantity production, as an enormous amount of time was consumed heretofore in applying the numerous coats of paint required on wood.

Naturally, there are important factors in the determination of the selling price, resulting in economies which Dodge Brothers are passing directly to the purchaser. "Wood is practically eliminated from the construction of this car," said M. L. H. Rapsey, the local dealer. "Even the framework and panels are of steel, and the natural result is a lighter, quieter and more durable car. Steel prolongs life and reduces the possibility of squeaks and rattles."

"The business men of America have been expecting such a coupe and Dodge Brothers have given it to them."

"It is in reality a coupe at a roadster price. While it is easily attractive enough for any use, it is particularly designed for the business man who needs the comfort and protection of a closed car in his work, but who can easily get along without a few of the luxuries, which, in the past, have made the closed car so expensive. The business coupe is built inside and out to withstand the wear

Mr. Mays representing Roberts, Johnson & Rand Shoe Co., was a business visitor yesterday.

Mrs. Annie Tobias, of Carnwath, was a Curwensville shopper on Wednesday.

Louis McDivitt was a business visitor or yesterday.

Mrs. Lynn Stewart and children, of are visiting in town.

Mrs. C. S. Russell has returned from a visit with friends in Philadelphia.

Mrs. T. J. LaBorde spent several days in Clearfield with her daughter Mrs. S. C. Kirk.

Mrs. Elmer Bloom was called to Philipsburg Sunday by the serious illness of her father.

EVERETT TRUE

BY CONDO

and tear of every day use—and yet it retains the same lightness and beauty of line which everyone is accustomed to look for in Dodge Brothers closed cars. It lacks only what I might term the depreciation liabilities of the more expensive coupe. It is upholstered in genuine leather, has a wide, comfortable straight seat, is equipped with cord tires, heater, dome light, windshield cleaner and adjustments for raising or lowering windows. The doors are unusually wide and are fitted with new easy closing Yale locks. There is more than the usual amount of leg room and convenient and spacious luggage compartments are provided. Doctors, real estate men and salesmen of all kinds will find it just the car they need. We already have good indications of a tremendous demand.

"The change of design in the other Dodge Brothers cars indicates that while Dodge Brothers have always adhered closely to the practical they are also progressive and abreast of the times. It is Dodge Brothers policy to make improvements year after year and month after month and this is simply another step forward."

CLEARFIELD, PA.

Punxsutawney
Braddock

To Clearfield County Car Owners:

"When we decided to sell Oldfield Tires in this vicinity, we had assured ourselves that they were built and sold on a basis that satisfied our own exacting standards. After watching their performance on the cars of many of our customers we give them our unqualified recommendation."

Clearfield Hardware Co.

The extra values offered in Oldfield tires explain the phenomenal accomplishments Oldfield has made in less than three years' time.

Oldfield has overtaken 85% of the other tire companies in volume of sales in that time.

Eighty-eight distributors have become car load lot buyers of Oldfields' since last December. Oldfield demand has passed all precedent as Oldfield performance has broken all records. Volume production now makes possible the lowest prices ever offered on Oldfield Tires—Cord or Fabric. Take early advantage of them.

The Oldfield "999" is the lowest priced 30 x 3 1/4 fabric tire of standard reputable quality. It is guaranteed and is built four-ply, 17 1/4 ounce cotton fabric—full size, anti-skid!

Are You Prepared for "Tomorrow?"

It is not enough to be contented with what today's fortune is bringing you unless you are prepared for "tomorrow's" misfortune.

A fire insurance policy protects you against the possible loss of that which is dearest to you and your family, your home.

The companies I represent solicit and deserve your insurance for their creditable past records.

DON'T MISS THE SPECTACULAR!

The Old Carriage Maker Had an Important Truth

"To make each part as strong as the rest," was his way of "building a wonderful, one-horse chaise that wouldn't wear out till judgment day."

This illustrates a fact that is keeping many doctors busy these days—human bodies, like chaises, break down because some part isn't as strong as the others.

Very often it's because of ill-balanced food, lacking in some important element of nutrition. This is especially true of ill developed in childhood, and carried on through life.

Grape-Nuts, that world-famous, ready-to-eat cereal, brings the plan of building each part as strong as the rest—to serve human need. Grape-Nuts contains all the nutriment of those best of the field grains, wheat and barley, including the vital mineral elements, and it is a wonderful food for building and sustaining health and strength.

The delicious flavor and crispness of Grape-Nuts make it a welcome dish whenever you're hungry.

"Trade With The Boys"

MARY MARIE

By Eleanor H. Porter

Illustrations by
R. H. Livingston

Mother saw it first. That is, I think she did. She had the paper in her hand, looking at it, when I came into the room, but as soon as she saw me she laid it right down quick on the table. It she hadn't been quite so quick about it, and if she hadn't looked quite so queer when she did it, I couldn't have thought anything at all. But when I went over to the table after she had gone, and saw the paper with Father's picture right on the first page—and the biggest picture there—I knew then, of course, what she'd been looking at.

I looked at it then, and I read what it said, too. It was lovely. Why, I hadn't any idea Father was so big. I was prouder than ever of him. It told all about the stars and planets he'd discovered, and the looks he'd written on astronomy, and how he was president of the college at Aldersville, and that he was going to give an address the next day. And I read it all—every word. And I made up my mind right there and then that I'd cut out that piece and save it.

But that night, when I went to the library cupboard to get the paper, I couldn't do it, after all. Oh, the paper was there, but that page was gone. There wasn't a bit of it left. Somebody had taken it, right out. I never thought then of Mother. But I believe now that it was Mother, for—

But I mustn't tell you that part now. Stories are just like meals. You have to eat them—I mean tell them—in regular order, and not put the ice cream in where the soup ought to be. So I'm not going to tell you why I suspect it was Mother that cut out that page of the paper with Father's picture in it.

Well, the next morning was Father's lecture, and I went with Mother. Of course Grandfather was there, too. He was with the other astronomers. I guess, anyhow, he didn't sit with us. And Aunt Hattie didn't go at all. So Mother and I were alone.

We sat back—a long way back. I wanted to go up front, seat far front—the front seat, if I could get it; and I told Mother so. But she said, "Mercy, no!" and shuddered, and went back two more rows from where she was, and got behind a big post.

I guess she was afraid Father would see us, but that's what I wanted. I wanted him to see us. I wanted him to be right in the middle of his lecture and look down and see right there before him his little girl Mary, and she that had been the wife of his bosom. Now that would have been what I called thrilling, real thrilling, especially if he jumped, or grew red, or white, or stammered, or stopped short, or anything to show that he'd seen us—and cared.

I'd have loved that. But we sat back where Mother wanted to, behind the post. And of course, Father never saw us at all. It was a lovely lecture. Oh, of course, I don't mean to say that I understood it. I didn't. But his voice was fine. And he looked just too grand for anything, with the light on his noble brow, and he used the loveliest big words that I ever heard. And folks clapped, and looked at each other, and nodded, and once or twice they laughed. And when he was all through they clapped again, harder than ever.

Another man spoke then, a little (not near so good as Father), and then it was all over, and everybody got up to go; and I saw that a lot of folks were crowding down the aisle, and I looked and there was Father right in front of the platform shaking hands with folks.

I looked at Mother then. Her face was all pinky-white, and her eyes were shining. I guess she was proud, and she wanted to know everything we had said—everything. So she found out, of course, that he had asked if she was there. But she didn't say anything herself, not anything.

In the afternoon I went to walk with Mother. I guess she thought I spoke, for all of a sudden she shook her head and said:

"No, no, I couldn't. I couldn't! But you may, dear. Run along and speak to him; but don't starve. Remember, Mother is waiting, and come right back."

I knew then that it must have been just my eyes that spoke, for I did want to go down there and speak to Father. Oh, I did want to go! And I went then, of course.

He saw me. And, oh, how I did love the look that came to his face; it was so surprised and glad, and said, "Oh! You!" in such a perfectly lovely way that I choked all up and wanted to cry. (The idea—cry when I was so glad to see him!)

The next minute he had drawn me out of the line, and we were both talking.

One of the girls; and when I came in I couldn't find Mother. She wasn't anywhere downstairs, nor in her room, nor mine, nor anywhere else on that floor. Aunt Hattie said no, she wasn't out, but that she was sure she didn't know where she was. She must be somewhere in the house.

I went upstairs then, another flight. There wasn't anywhere else to go, and Mother must be somewhere, of course. And it seemed suddenly to me as if I'd just got to find her. I wanted her so.

And I found her.

In the little back room where Aunt Hattie keeps her trunks and mothball bags, Mother was on the floor in the corner crying. And when I exclaimed out and ran over to her, I found she was sitting beside an old trunk that was open; and across her lap was a perfectly lovely pale-blue spin dress all trimmed with silver lace that had grown black. And Mother was crying and crying as if her heart would break.

Of course, I tried and tried to stop her, and I begged her to tell me what was the matter. But I couldn't do a thing, not a thing, not for a long time. Then I happened to say what a lovely dress, only what a pity it was that the lace was all black.

She gave a little choking cry then, and began to talk—little short sentences all choked up with sobs, so that I could hardly tell what she was talking about. Then, little by little, I began to understand.

She said yes, it was all black—tarnished; and that it was just like everything that she had had anything to do with—tarnished; her life and her marriage, and Father's life, and mine—everything was tarnished, just like that silver lace on that dress. And she had done it by her thoughtless selfishness and lack of self-discipline.

And when I tried and tried to tell her no, it wasn't, and that I didn't feel tarnished a bit, and that she wasn't, nor Father either, she only cried all the more, and shook her head and began again, all choked up.

She said this little dress was the one she wore at the big reception where she first met Father. And she was so proud and happy when Father—and he was fine and splendid and handsome then, too, she said—singled her out, and just couldn't seem to stay away from her a minute all the evening. And then four days later he asked her to marry him; and she was still more proud and happy.

And she said their married life, when they started out, was just like that beautiful dress, all shining and sparkling and perfect; but that it wasn't two months before a little bit of tarnish appeared, and then another and another.

She said she was selfish and willful and exacting, and wanted Father all to herself; and she didn't stop to think that he had his work to do, and his place to make in the world; and that all of living, to him, wasn't just in being married to her, and attending to her every whim. She said she could see it all now, but that she couldn't then, she was too young, and undisciplined, and she'd never been denied a thing in the world she wanted.

She said things went on worse and worse—and it was all her fault. She grew sour and cross and disagreeable. She could see now that she did. But she didn't realize at all then what she was doing. She was just thinking of herself—always herself; her rights, her wrongs, her hurt feelings, her wants and wishes. She never once thought that he had rights and wrongs and hurt feelings, maybe.

She said a lot more, oh, ever so much more; but I can't remember it all. I know that she went on to say that by and by the tarnish began to dim the brightness of my life, too; and that was the worst of all, she said—that innocent children should

ing at once, and telling each other how glad we were to see each other.

But he was looking for Mother—I know he was; for the next minute after he saw me, he looked right over my head at the woman back of me. And all the while he was talking with me, his eyes would look at me and then leap as swift as lightning first here, and then there, all over the hall. But he didn't see her. I knew he didn't see her, by the look on his face. And pretty quick I said I'd have to go. And then he said:

"Your mother—perhaps she didn't—did she come?" And his face grew all red and rosy as he asked the question. And I said yes, and she was waiting, and that was why I had to go back right away.

And he said, "Yes, yes, to be sure," and, "good-by." But he still held my hand tight, and his eyes were still roving all over the house. And I had to tell him again that I really had to go; and I had to pull real determined at my hand, before I could break away.

I went back to Mother then. The hall was almost empty, and she wasn't anywhere in sight at all; but I found her just outside the door. I knew then why Father's face showed that he hadn't found her. She wasn't there to find. I suspect she had looked out for that.

Her face was still pinky-white, and her eyes were shining; and she wanted to know everything we had said—everything. So she found out, of course, that he had asked if she was there. But she didn't say anything herself, not anything.

In the afternoon I went to walk with Mother. I guess she thought I spoke, for all of a sudden she shook her head and said:

"No, no, I couldn't. I couldn't! But you may, dear. Run along and speak to him; but don't starve. Remember, Mother is waiting, and come right back."

I knew then that it must have been just my eyes that spoke, for I did want to go down there and speak to Father. Oh, I did want to go! And I went then, of course.

Anthracite Operators And Miners Break Off All Negotiations

New York, June 14.—With the refusal of miners' representatives on the general scale conference to accept arbitration the operator's representatives late today flatly refused to proceed further in the negotiations unless the miners agree to arbitration. The conference adjourned without setting a date for another meeting.

Both sides regard the negotiations as broken off, at least for the present.

"We don't see what more any man or organization can do," said Samuel D. Warriner, spokesman for the operators, after the conference.

"It looks like a strike," asserted Philip Murray, vice president of the union, and spokesman for the committee. "We will call out even the maintenance men if necessary."

FIND DECAPITATED BODY OF MAN ATOP 20TH CENTURY LTD.

Toledo, Ohio, June 15.—The decapitated body of Francis I. Bowman, aged 32, of Caldon, N. J., was found atop the Twentieth Century Limited when it arrived here today. Coroner Hinzler said the man's head had apparently struck a low bridge or tunnel. Identification cards found in his pockets indicated he was enroute to visit his mother in Omaha.

COAL HILL DETOUR TO McPHERSON'S MILL

The Lawrence township Supervisors positively refuse to offer themselves for execution any of these bright mornings and so informed The Progress this morning. J. R. Fullerton of Hyde, who has charge of the Coal Hill detour says that if motorists will use the route out past the Bigler farm to McPherson's mill and then down the road to Hyde City they will have a fine road all the way around. It is a little bit farther around but the difference in the condition of the road will make up for the extra distance.

The river road is in fair shape except that it is so narrow it is hard for two cars to pass. The township authorities are limited in their road fund and are not able to widen the road and hope the traveling public will accept with good grace the hardship entailed by the added distance.

BIG LUMBER YARD AFIRE IN PHILADELPHIA

Philadelphia, Pa., June 15.—Three fire engines and one hundred and fifty firemen were still fighting a fire which started last night in the lumber yard of George Nass & Co., here destroying 4,000,000 feet of lumber estimated to be worth \$500,000. Five persons were injured, two firemen, an employee and two spectators.

REEDSVILLE WINS FROM GEARHARTS

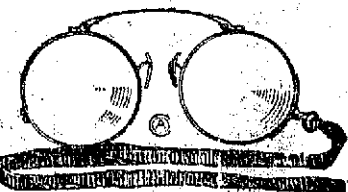

The Reedsville Indians downed the Gearhart "Yarnbusters" in a Community Service game at the Driving

Gossip For Tonight's Tea Table

The body of W. H. Wilson who died in Dayton, Ohio will be brought to the house of his sister on 1004 Dorey St. Thursday. The funeral will leave there on Friday at one o'clock. Services at the Pleasant Valley church at 2 o'clock.

Park grounds last evening. The score was 5 to 2.

Another Community Service League game will be played at Reedsville tonight between the Indians and the Presbyterians.

DISTINCTION

For that "dress-up" occasion where your appearance must be correct in every detail the Wellworth Dress Eyeglass meets the most exacting requirements.

Persons of distinction are usually to be seen wearing the Wellworth Dress Eyeglass.

HAVE YOU TRIED CENOL FOR BEDBUGS AND ROACHES?

Here's something that I can recommend as being the best thing that I know of for the eradication of bedbugs and roaches. It is harmless, non-explosive, will not stain and will do away with the vermin in the shortest possible time.
